CTC Employees Participate in Leukemia & Lymphoma Society’s 14th Annual Light the Night Walk

Employees Served in Every Way—From Corporate Walk Chair to Planning Committee to Participation and Donations

On October 6th, 2012, Concurrent Technologies Corporation (CTC) employees participated on the “Heroes of Hope” team in the 14th Annual Greater Alleghenies Light the Night Walk to benefit the Leukemia & Lymphoma Society. The walk took place at the University of Pittsburgh at Johnstown, Pennsylvania campus.

The Light the Night Walk is the Leukemia & Lymphoma Society's nationwide evening walk to build awareness of blood cancers and raise funds for cures. Walkers carry illuminated balloons—white for survivors and red for supporters—to celebrate and commemorate lives touched by cancer. A total of $110,000 was raised at this year’s event!

On behalf of CTC, Amy Morrison served as the Corporate Chair. She participated in a letter writing campaign to local businesses for sponsorship and participation in the walk.

The “Heroes of Hope” team, organized by Team Captains & Planning Committee members Lori Morealli, Amy Morrison, and Jill Skowron-Gontkovic, raised approximately $4,400 for the Leukemia & Lymphoma Society. The money raised by the “Heroes of Hope” team includes donations from the CTC company-wide Leukemia & Lymphoma Society Denim Day, a corporate donation, and individual donations collected by team members.

The “Heroes of Hope” team included the following CTC employees: Kristin Fairman, Brian Prebola, Sonya Prebola, Tina Sepp, Mary Krestar, Stephanie Allison, Todd Allison, Lori Morealli, Diane DeLisa, Jill Skowron-Gontkovic, Ed Schellenbach and Amy Morrison, along with family members and friends.

CTC is proud of the employees for their voluntary efforts to support this worthy cause! Your support brings help and hope to people battling blood cancers!

The 15th Annual Light the Night walk will be held on October 5th, 2013, at UPJ! Contact Lori Morealli at morealli@ctc.com or Amy Morrison at morrisoa@ctc.com to get involved and be part of our team.
