

Going above and beyond to create innovative, customized

Solutions.

We make the world safer and more productive.

Concurrent Technologies Corporation (CTC) is an independent, nonprofit, applied scientific research and development professional services organization.

Together with our affiliates, **Enterprise Ventures Corporation (EVC)** and **CTC Foundation**, we leverage research, development, test and evaluation work to provide transformative, full lifecycle solutions. To best serve our clients' needs, we offer the complete ability to fully design, develop, test, prototype, and build.

We work side by side with our clients, providing personal attention to every project, regardless of size or scope.

Dedicated to Excellence

- ISO 9001:2015 (Quality)
- ISO 14001:2015 (Environmental)
- AS9100D:2016 (Quality – Aerospace Related Products)
- OSHA VPP Star (Health & Safety)

Contract Vehicles/Partnerships

CTC offers a diverse portfolio of contract vehicles under which clients may obtain our services. We are a member of numerous consortiums, alliances and associations. In addition, we partner with academia and other nonprofit, research-based organizations to develop innovative solutions to solve our clients' toughest challenges. Visit our website or contact us for information.

What we do:

Advanced Engineering & Manufacturing

- Additive Manufacturing Product and Process Development
- Advanced Joining Technologies
- Manufacturing Process Development and Optimization
- Vehicle & Platform Subsystem Design, Prototyping, Test and Integration
- Combat Survivability Technologies
- Material Characterization and Testing
- Corrosion and Coating Solutions

Energy & Environment

- Environmental & Process Engineering
- Infrastructure Energy
- Operational Energy
- Water Recycling Technologies
- Safety and Environmental Health Services
- Strategic Advisory Services
- Energetic Materials

Advanced Information Technology Solutions

- Agile Software Development
- Cloud Architecture and Security
- Cybersecurity
- Data Management and Analysis
- Machine Learning and Automation
- Visualization and Mixed Reality

Readiness & Training

- Readiness and Continuity of Operations Technology-Based Solutions
- Custom Educational & Training Solutions
- Identity, Credential and Access Management (ICAM) Engineering
- Strategic Communication & Media Services
- Technology-Based Training Solutions
