### **Concurrent Technologies Corporation Wins Award for Annual Report**

**Johnstown, PA, March 3, 2010** – Concurrent Technologies Corporation (CTC) is proud to announce that its Fiscal Year 2009 Annual Report was selected as a silver award winner in the seventh annual Service Industry Advertising Awards (SIAA) competition. This is the fourth consecutive year that the annual report, which is written and designed by CTC's Corporate Communications Department, has won national recognition for communications excellence.

"It is an honor to be acknowledged nationally for this sustained level of excellence," said Edward J. Sheehan, Jr., CTC's President and Chief Executive Officer. "The FY09 annual report showcases CTC's innovative work and technological achievements made on behalf of our broad range of clients. The publication also emphasizes our commitment to our employees and to the communities where we live and work. One highlight that has become a standing feature in our annual report is an honor roll that pays tribute to CTC employees serving on active or reserve duty during the fiscal year. All of these features were enhanced through the work of our talented and creative Communications staff."

More than 1,400 entries were received in this year's SIAA competition with some of the nation's largest advertising agencies and corporations participating. Judges evaluated and rated entries for execution, creativity, quality, customer appeal, and overall break-through content. Members of the winning CTC FY09 Annual Report team are: Edward J. Sheehan, Jr., Billy Lewis, Mary Bevan, Beth Ann Lombardi, Carianne Weakland, Joanne Mekis, Molly McQuillan, Stephanie Putt, David Covolo, and Heather Capatch.

Since 2006, CTC's Corporate Communications Department, which creates a variety of client-focused outreach materials such as annual reports, advertisements, brochures, posters, Web sites, and more, has earned more than a dozen national and international awards for quality and industry excellence. Their annual report has twice won the Apex Award for Excellence in Publications and the Gold MarCom Award, sponsored by the Association of Marketing and Communication Professionals.
