Enterprise Ventures Corporation Awarded \$1.2 Million Subcontract to Provide Support to Headquarters Air Force Materiel Command, Directorate of Logistics, Civil Engineering and Force Protection

Johnstown, PA, August 19, 2016 – [Enterprise Ventures Corporation \(EVC\)](#) has been awarded a multi-year subcontract from Dakota Consulting Incorporated under the One Acquisition Solution for Integrated Services – Small Business (OASIS SB) contracting vehicle. Under this multi-year contract, EVC will provide support to [Headquarters Air Force Materiel Command \(AFMC\)](#), Directorate of Logistics, Civil Engineering and Force Protection (HQ AFMC/A4).

“AFMC leads our Air Force’s acquisition and sustainment efforts, and EVC is honored to provide direct support to the complex, worldwide logistics challenges,” said David A. Schario, EVC President. “A core component of EVC’s work will focus on helping the Air Force identify and understand risks to nuclear weapons and nuclear weapon systems, and develop procedures and methods to reduce these risks. We will always focus risk assessment on performance, safety, and security risks in nuclear logistics.”

The HQ AFMC/A4 has the AFMC mission responsibility to shape the workforce and infrastructure to provide logistics, sustainment and installation support for acquisition logistics, supply management, depot maintenance and base-level logistics operations and deliver responsive strategic facility and infrastructure oversight and over-arching direction for all Major Command (MAJCOM) security operations, resulting in war-winning expeditionary capabilities.

Under this contract, EVC will provide a range of professional acquisition, engineering, scientific, research, technical services, financial and administrative capabilities to support effective and responsive integrated program management of aircraft research, development, production, and lifecycle acquisition and sustainment activities.

“This extends our ongoing support to the AFMC logistics mission and is an exciting opportunity for us,” said Jeff Anderson, EVC’s Managing Director of Professional Services. “We are able to leverage our experience with the command and our teammates to provide responsive and effective support to a great Air Force program.”

Enterprise Ventures Corporation (EVC) is a wholly owned affiliate of [Concurrent Technologies Corporation \(CTC\)](#). The mission of EVC is to transfer advanced technologies designed and created by CTC and others to the industrial base and to deliver high-quality products and services to its clients.
